

## RAVENOL Kettenöl Off Road Spray

Art. 1360303

**RAVENOL Kettenöl Off Road Spray** is especially for the chain lubrication of motor cross bikes and Quads.

### Description:

**RAVENOL Kettenöl Off Road Spray** is a chain grease which is especially developed for the chain lubrication under extreme loads of motor cross bikes and Quads.

**RAVENOL Kettenöl Off Road Spray** is suitable for chains with or without ring sealings. It is recommended for O and X-rings.

**RAVENOL Kettenöl Off Road Spray** has optimum applications in the country because dirt will be thrown-off easily because of the reduced adhesion.

**RAVENOL Kettenöl Off Road Spray** is water-repellent and has an effective protection against corrosion.

**RAVENOL Kettenöl Off Road Spray** provides a greaseless sealing of the total surface because of a high PTFE solid part.

### Application Directions:

**Handling:** Shake well before use. Surfaces must be dry, dust-free and free of grease.

Apply finely **RAVENOL Kettenöl Off Road Spray**. Spray finely again after approximately 2 minutes.

Let it dry well before loading.

### Technical Characteristics:

- excellent adhesive capacity, no dropping and throw-off
- economical consumption
- wax-like drying film, therefore no adhesion of dirt
- water-repellent, extreme protection against corrosion
- excellent damping capability
- excellent penetrating power
- aging resistance even against aggressive mediums
- low coefficient of friction, low corrosion
- extreme UV resistance

Size of the trading unit: 400 ml aerosol cans, packing unit: 12 pieces
